INTERNATIONAL CENTRE FOR
MARINE BIOLOGY (ICMB)

MSC
in
MARINE BIOLOGY

Explore the wonders of the
ocean and pursue a career in
Marine Science

ELIGIBILITY

- A Bachelor's degree in Marine Biology, Zoology, Biotechnology, Fisheries Science, Environmental Science, or related life science fields with required minimum marks.
- ICMB Entrance exam is mandatory for Enrollment.

OPPORTUNITIES

- Opens careers in advanced marine research, coastal ecosystem management, marine biotechnology labs, government research institutes, marine conservation organisations, environmental impact assessment (EIA) firms, aquaculture industries, and university teaching/research positions. It also prepares students for pursuing a Ph.D. in marine sciences.
- ICMB offers M.Sc. Marine Biology students a one-semester abroad exchange program, giving them international exposure and advanced research experience.
