

**INTERNATIONAL CENTRE FOR  
MARINE BIOLOGY (ICMB)**

# PHD in MARINE BIOLOGY

**Explore the wonders of the  
ocean and pursue a career in  
Marine Science**

## **ELIGIBILITY**

**A Master's degree in Marine Biology, Marine Sciences, Zoology, Biotechnology, Environmental Science, or related fields with strong academic performance.**

## **OPPORTUNITIES**

**Leads to careers as marine scientists, university faculty, research fellows, oceanographers, conservation specialists, and consultants in government agencies, marine research institutes, international NGOs, and environmental organisations. Also opens opportunities for post-doctoral research and global marine science projects.**
